

Savings Realty Buyer Rebate and Exclusive Buyer Agency Agreement

Seller pays the commission on the sale of a home!

We offer significant buyer incentives on ANY kind of property : (single family home, land, commercial) Any property listed with ANY Real Estate Company OR New Home Construction throughout California. The Seller or Builder is paying our commission so we represent you, the buyer, for free.

Why and How does our relationship work?

Our relationship with you and this rebate is based on our expertise as Real Estate Consultants and your ability to search and find properties that are currently on the market. Your part is easy. As you know, in today's real estate market, everything that is listed on the multiple listing service is available to be seen on hundreds of duplicated websites. Independent surveys state that over 98% of buyers search the Internet to find a home. Virtually no one surveyed said that their agent found them a home that they had not seen on the Internet or open houses. If you are one of the over 98% of the buyers out there doing their own work, we figure why not pay you for your efforts so that we can serve more people and focus on the contract and process as our expertise. We know that this process will not work for everyone and we will help you find the home as a high priority client if needed – we still know how to do that, too

Is this legal?

The real estate law in California says that we can give a broker incentive to any buyer
This rebate does not apply to purchases of a property listed as a short sale unless the short sale lender agrees to the rebate.

What you need to do next (like right now – before you see any other properties)!
Immediately contact Savings Realty and become a Savings Realty client. Becoming a client of Saving Realty helps ensure that we will be free to represent you and your best interests. We will then be eligible to receive a commission that is paid by the seller

Homes that you are serious about purchasing and have seen prior to becoming a client will need to be discussed with the listing agent by us to determine their rights to procure the whole commission. IT IS VERY IMPORTANT THAT WE BECOME ENGAGED IN AN AGENCY RELATIONSHIP IMMEDIATELY to protect our right to a commission, thus giving you the rebate. The Savings Realty Buyer Rebate and Exclusive Buyer Agency Agreement MUST be signed by the buyer(s) prior to entering into any purchase contract. No rebate will be paid if there is not a signed agreement prior to entering into a purchase contract.
